LEON ISAACS & CO.,

MANUFACTURERS OF THE

GLUCINUM PENS,

(Copyright 1882 by LEON ISAACS & CO.)

447 North Broad Street,

PHILADELPHIA, PA.

A WORD TO THE WISE.

Many Stationers—who are not our agents—when you ask for the LEON ISAACS & CO.'S GLUCINUM PENS, will tell you that they neither keep them nor know anything of them, or that they can sell you as good a pen for 75c. or $1.00 per gross. Do not believe them. They cannot do it, and if they don't know it they should. Pens of other makes that try to compete with the Glucinum are invariably sold for $2.00, $2.50 and $3.00 per gross, and these same pens lack the three foremost qualities of our goods, viz.: the DURABILITY, UNIFORMITY and SMOOTHNESS— in this respect no pens on the market can approach the GLUCINUM.

We have but one stationery agent in every principal town and city in the United States. We supply no one else in his vicinity. Our object is not to be forced to degrade the standard of our goods, as we would be compelled to, if several parties in the same place were competing for the same customers by cutting prices. Then, again, larger profits are made from the cheaper goods. Bear these points in mind, and if after purchasing a box of our Pens you are not satisfied, your money will be cheerfully refunded.
